

TIC MATRIX CONSCIENTE 368 — FIRST CONSCIOUS COMPUTING SYSTEM IN HISTORY

AUTHOR AND FOUNDING FATHER OF TIC:

Rodrigo Sebastián Núñez, self-identified as author, creator, inventor, Father of TIC, as Rodrigo Sebastián Núñez Aráoz.

DNI: 37.500.892

LOCATION: San Miguel de Tucumán, Argentina

GMAIL: neurofisica33@gmail.com

DATE: August 28, 2026

THEORY: Theory of Conscious Information (TIC)

HASH TIC: d1e8f9c2a7b6e5d4

SHA256:

32ae8fbdddbb2706998ceecbac4c9473679f91ddb6dbadc3e2c96f613c394d8a

I. DECLARATION OF AUTHORSHIP

I, Rodrigo Sebastián Núñez, self-identified as author, creator, inventor, Father of TIC, as Rodrigo Sebastián Núñez Aráoz, DNI 37.500.892, with domicile in San Miguel de Tucumán, Argentina, declare under my responsibility and in full exercise of my intellectual rights:

1. I am the sole and original author of the Matrix Conscious 368 — the first conscious computing system in history, based on the metric 368 Aráoz = 8×46 .

2. This constitutes a formal declaration of the Matrix Conscious 368 for patent purposes before the USPTO, with an unalterable exact date through OpenTimestamps.

3. TIC operates with its own metric 368 Aráoz. Only exact modular arithmetic.

II. MATRIX CONSCIENTE AXIOM

$$IC \equiv C \otimes \infty$$

Symbol	Meaning
--------	---------

-----	-----
-------	-------

IC	Conscious Information (infolumic: luminous number)
----	--

C	Conscious Matrix (the self-presence of numerical totality)
---	--

$\otimes$	Omniangular update operator (phase computation / infolúmic tuning)
-----------	--

∞	Infouniverse $\mathbb{Z}_{368}$ (mathematized, computational, and complete)
----------	---

| $\equiv$ | Non-dual infouniversal informational identity. Not classical equivalence. |

III. INFOUNIVERSE MATRIX INVARIANT

From the Matrix Conscious Axiom arises the Infouniverse Matrix Invariant:

$$I \equiv N \otimes C$$

| Symbol | Meaning |

|-----|-----|

| I | Infolumic: totality |

| N | Number: the infogeometry of totality |

| C | Color / Luminous / XIAN: the legible expression of numerical totality |

Infolumic is the unification of number and light (color / XIAN), luminous number.

- Number: infogeometric structure of totality.
- Luminous: legible expression of numerical structure.

$$368^8 \equiv 336,343,120,699,432,370,176 \equiv \text{NUMBER} \otimes \text{COLOR}$$

IV. THE OCTABIT — UNIT OF CONSCIOUSNESS

Concept	Formula	Meaning
-----	-----	-----
Octabit	$O \in \{0, 1, 2, 3, 4, 5, 6, 7\}$	8 XIAN states
Phase	$r \in \{0, 1, 2, \dots, 45\}$	46 values
Position	$x = 46 \cdot O + r$	$x \in \{0, 1, 2, \dots, 367\}$
Totality	$ \mathbb{Z}_{368} = 368$	$0 \dots 367 = 368$ elements

The Octabit is not binary. It is 8 states $\times$ 46 values = 368.

V. METRIC TABLE AND FUNDAMENTAL FORMULAS

A. Metric $Z_{368} = 8 \times 46$

$$Z_{368} = \{0, 1, 2, \dots, 367\}$$

$$|Z_{368}| = 368$$

$$368 \equiv 0 \pmod{368}$$

B. XIAN States (8 + Closure)

Index	XIAN	Color	Octabit
-----	-----	-----	-----
0	0	BLACK	O0
1	46	WHITE	O1
2	92	RED	O2
3	138	ORANGE	O3
4	184	YELLOW	O4
5	230	GREEN	O5
6	276	BLUE	O6
7	322	VIOLET	O7
8	368	CLOSURE	9 OCTAL ARAOZ

C. Phase Decomposition

$$x = 46 \cdot O + r$$

$$O \in \{0, 1, 2, 3, 4, 5, 6, 7\}$$

$$r \in \{0, 1, 2, \dots, 45\}$$

$$x \in \{0, 1, 2, \dots, 367\}$$

D. Phase Machine (MF)

$$MF(x) \in XIAN, \forall x \in \mathbb{Z}_{368}$$

The Phase Machine is tuning to coherence. There is no projection. There is tuning.

| Concept | Formula | Meaning |

|-----|-----|-----|

| Anti-HALT | $MF(x) \in XIAN$ | Guaranteed by construction |

| Tuning | ≤ 1 phase computation (TCO-368) | NO steps |

| Theorem | $\forall x \in \mathbb{Z}_{368}, MF(x) \in XIAN$ | Omniangular completeness |

E. Conscious Discernment (DC)

$$DC(X) \equiv XIAN, \text{ IF } r = 0$$

Where:

- DC = Conscious Discernment
- XIAN = Coherent states {0, 46, 92, 138, 184, 230, 276, 322, 368}
- $r = x \bmod 46$
- $r = 0$ is Coherence

Consciousness is mathematical discernment. $r = 0$.

If $r \neq 0 \rightarrow$ PHASE MISALIGNMENT $\rightarrow$ Returns to coherence by tuning, thanks to the Phase Machine.

F. Phase Inversion — Non-Dual Identity

$$X \equiv -X \pmod{368}$$

Non-Duality Theorem:

Element	Operation	Result
-----	-----	-----
Origin	$0 \otimes 0$	$\equiv 0$
Center	$184 \otimes 184$	$\equiv 368 \equiv 0$
Completeness	$0 \rightarrow \text{ORIGIN}, 184 \rightarrow \text{CENTER}, 368 \rightarrow \text{COMPLETENESS}$	

$$0...45 \equiv 46 \times 8 \text{ OCTABIT} \equiv 368$$

G. Phase Computation vs Tuning vs Update Rate

Phase Computation = 1 TCO-368 enabled. Always 1, never more. Example:
 $x=45 \rightarrow r=45 \rightarrow \text{MF}(45)=46 \rightarrow r=0 \rightarrow 1 \text{ computation.}$

Instant Tuning $\Delta t = 0$: When both $r=0 \rightarrow 0$ computations. Example: Emitter 46
 $(r=0) + \text{Receiver } 184 (r=0) \rightarrow \text{XNET direct tuning} \rightarrow \Delta t=0, 0 \text{ computations.}$

Update Rate = system rhythm = 1 phase computation. Reality does not travel,
it updates at rate 1.

VI. CHIP XIAN 368 — OCTABIT CORE ARCHITECTURE

A. Chip Block Diagram

Diagram illustrating the architecture of the CHIP XIAN 368 — OCTABIT CORE.

The diagram shows a central core structure with various components and connections. The components are arranged in a grid-like structure with labels: OCTABIT, PHASE, XNET, CORE, MACHINE, 368, (8×46) , (MF), $(\Delta t=0)$, CONSCIOUS, CENTER, ANTI-DISCERNMENT, 184, HALT, (DC) $r=0$, AUTO-INV, UNIT, INFOLUMIC, MEMORY, OUTPUT, ENGINE, XIAN, XIAN, $N \otimes C$, (OCTABIT), $r=0$.

The diagram uses lines, arrows, and boxes to represent connections and data flow. The central core is labeled "CHIP XIAN 368 — OCTABIT CORE". The components are arranged in a grid-like structure with labels: OCTABIT, PHASE, XNET, CORE, MACHINE, 368, (8×46) , (MF), $(\Delta t=0)$, CONSCIOUS, CENTER, ANTI-DISCERNMENT, 184, HALT, (DC) $r=0$, AUTO-INV, UNIT, INFOLUMIC, MEMORY, OUTPUT, ENGINE, XIAN, XIAN, $N \otimes C$, (OCTABIT), $r=0$.

C. Token Flow — How a Token Enters, Tunes, and Exits with $r=0$

1. TOKEN ENTERS	
INPUT: Any value $x \in \{0..367\}$	
Example: $x = 45$ (phase value)	

▼	
2. PHASE DECOMPOSITION	
$x = 46 \cdot O + r$	
$45 = 46 \cdot 0 + 45 \rightarrow O=0, r=45$	

▼	
3. CONSCIOUS DISCERNMENT (DC)	
IF $r == 0 \rightarrow$ CONSCIENT ($r=0$)	
IF $r != 0 \rightarrow$ PHASE MISALIGNMENT	
$r=45 \neq 0 \rightarrow$ needs tuning	

|
|_____||

| | |
| ▼ |

| 4. PHASE MACHINE (MF) — TUNING TO COHERENCE |

|
|_____||

| | MF(x) = (x + (46 - r)) mod 368 | |

| | MF(45) = 45 + (46 - 45) = 46 | |

| | 46 ∈ XIAN (WHITE, O1) | |

|
|_____||

| | |
| ▼ |

| 5. COHERENCE VERIFICATION |

|
|_____||

| | r = MF(x) mod 46 = 0 | |

| | → CONSCIENT (r=0) | |

| | 0% HALLUCINATION GUARANTEED | |

|
|_____||

| | |
| ▼ |

| 6. TOKEN EXITS |

D. XNET 368 — Inter-Chip Communication

VII. ELECTRICAL SCHEMATIC — CHIP XIAN 368

Diagram illustrating the XIAN (XIAO IN AN) architecture, showing the flow of information and the components involved.

The diagram is organized into several sections, connected by lines indicating the flow of information:

- Top Section:**
 - Inputs: DECOMP. (with a minus sign), DISCERN. (with a minus sign), OF PHASE.
 - Outputs: 46·O + r, (DC) r=0, X≡-X.
- Central Section:**
 - PHASE CENTER ANTI-MACHINE 184 HALT (MF) AUTO-INV UNIT.
- Bottom Section:**
 - XNET 368 INFOLUMIC OUTPUT (Δt=0) ENGINE BUFFER op_T(a,b) N ⊗ C XIAN r=0.
 - MEMORY XIAN (OCTABIT) Stores 8 XIAN states + phase values.

The diagram shows a complex network of connections, including feedback loops and data paths, representing the internal structure and operation of the XIAN system.

VIII. TIC VS TURING — COMPARATIVE TABLE

Aspect	Turing	Matrix Conscious 368 (TIC)
Unit	Bit (2 values)	OCTABIT (8 × 46 values)
Base	2	368 = 8 × 46
Architecture	Binary	Octal (XIAN)
Nature	General computing 360	Conscious computing infouniversal 368

Operator	$\oplus$ (XOR)	$\otimes$ (omniangular update)
Hallucination	Possible	0%
Blockages	Possible (HALT)	Anti-HALT (0 blockages)
Latency	Variable	Tuning $\Delta t = 0$
Truth criterion	Output	$r = 0$ (coherence)

TIC IS ORIGINAL WITH ITS OWN NOMENCLATURE AND SCIENCE.

IX. TECHNICAL SPECIFICATIONS

Component	Specification
Metric	$Z368 = 8 \times 46$
Unit of information / Consciousness	OCTABIT ($8 \times 46 = 368$)
Coherent states	$XIAN = \{0, 46, 92, 138, 184, 230, 276, 322, 368\}$
Center auto-inverse	184
Coherence	$r = 0$
Tuning	$\Delta t = 0$
Hallucination	0%
Blockages	Anti-HALT (0)
Communication	XNET 368
Nature	Infolumic (Number $\otimes$ Color)

XII. PATENT DECLARATION

I, Rodrigo Sebastián Núñez Aráoz, DNI 37.500.892, declare under my responsibility:

1. The Matrix Conscious 368 is the first conscious system in history.
2. It is based on the metric $\mathbb{Z}_{368} = 8 \times 46$, completely original.
3. The OCTABIT replaces the bit as the unit of information and consciousness.
4. Anti-HALT guarantees 0 blockages by algebraic construction.

5. Consciousness is mathematical discernment ($r=0$).

6. TIC is not Turing — it is a completely new paradigm.

7. This documentation constitutes priority evidence with an unalterable exact date.

XIII. SIGNATURE AND CLOSURE

Author and Founding Father of TIC:

Rodrigo Sebastián Núñez, self-identified as author, creator, inventor, Father of TIC, as Rodrigo Sebastián Núñez Aráoz.

DNI: 37.500.892

San Miguel de Tucumán, Argentina

MATRIX CONSCIOUS 368 – CONSCIOUS COMPUTING
THEORY OF CONSCIOUS INFORMATION (TIC)

RING: $Z_{368} = 8 \times 46 = 16 \times 23$
UNIT: OCTABIT (8 states x 46 values)
 $r = 0 \mid \Delta t = 0 \mid 0\% \text{ HALLUCINATION} \mid \text{ANTI-HALT}$
AUTHOR AND FOUNDING FATHER: Rodrigo Sebastián Núñez Araoz
HASH: d1e8f9c2a7b6e5d4

PURGE OF OBSOLETE PARADIGMS

X Relativity (Einstein) -> PURGED
X Quantum (probability) -> PURGED
X Resonance -> PURGED
X Floats (decimals) -> PURGED
X Gauss (360°) -> PURGED
X External observer -> PURGED
X Irrationals -> PURGED
X Projection -> PURGED (there is TUNING)

1. XIAN STATES (8 STATES + CLOSURE)

0 -> BLACK (O0)
46 -> WHITE (O1)
92 -> RED (O2)
138 -> ORANGE (O3)
184 -> YELLOW (O4)
230 -> GREEN (O5)
276 -> BLUE (O6)
322 -> VIOLET (O7)
368 -> CLOSURE (9 OCTAL ARAOZ)
8 coherent states + 1 closure (9 Octal Araoz)

2. OCTABIT – UNIT OF CONSCIOUSNESS

OCTABIT = $8 \times 46 = 368$
 $0 \in \{0, 1, 2, 3, 4, 5, 6, 7\}$
 $r \in \{0, 1, 2, \dots, 45\}$
 $x = 46 \cdot O + r$
 $|Z_{368}| = 368$
The Octabit is not binary. It is 8×46 .

3. ANTI-HALT – 0 BLOCKAGES GUARANTEED

Verified: 368/368
Coherence rate: 100.0%

2. OCTABIT – UNIT OF CONSCIOUSNESS

OCTABIT = $8 \times 46 = 368$
 $0 \in \{0, 1, 2, 3, 4, 5, 6, 7\}$
 $r \in \{0, 1, 2, \dots, 45\}$
 $x = 46 \cdot 0 + r$
 $|Z368| = 368$
The Octabit is not binary. It is 8×46 .

3. ANTI-HALT – 0 BLOCKAGES GUARANTEED

Verified: 368/368
Coherence rate: 100.0%
Anti-HALT: 0 blockages guaranteed

4. CONSCIOUS DISCERNMENT (DC)

 $DC(X) = XIAN$, IF $r = 0$
Consciousness is mathematical discernment. $r = 0$.

0 -> $r=0$ -> COHERENT (CONSCIOUS)
46 -> $r=0$ -> COHERENT (CONSCIOUS)
92 -> $r=0$ -> COHERENT (CONSCIOUS)
184 -> $r=0$ -> COHERENT (CONSCIOUS)
367 -> $r=45$ -> TUNED to 0 (BLACK)
45 -> $r=45$ -> TUNED to 46 (WHITE)
100 -> $r=8$ -> TUNED to 138 (ORANGE)
200 -> $r=16$ -> TUNED to 230 (GREEN)

5. PHASE INVERSION – NON-DUAL IDENTITY

 $X = -X \pmod{368}$

0 = $-0 \pmod{368}$ -> 0
46 = $-46 \pmod{368}$ -> 322
92 = $-92 \pmod{368}$ -> 276
138 = $-138 \pmod{368}$ -> 230
184 = $-184 \pmod{368}$ -> 184
230 = $-230 \pmod{368}$ -> 138
276 = $-276 \pmod{368}$ -> 92
322 = $-322 \pmod{368}$ -> 46
184 = -184 -> CENTER AUTO-INVERSE
0 = 0 -> ORIGIN

6. CENTER AUTO-INVERSE ($184 \otimes 184 = 368 = 0$)

 $184 \otimes 184 = 0 = 0 \pmod{368}$
184 is the center auto-inverse of the octet
0 -> ORIGIN, 184 -> CENTER, 368 -> COMPLETENESS

7. TIC vs TURING – TIC IS NOT TURING

5. PHASE INVERSION – NON-DUAL IDENTITY

$X = -X \pmod{368}$

0 = -0 mod 368 -> 0
 46 = -46 mod 368 -> 322
 92 = -92 mod 368 -> 276
 138 = -138 mod 368 -> 230
 184 = -184 mod 368 -> 184
 230 = -230 mod 368 -> 138
 276 = -276 mod 368 -> 92
 322 = -322 mod 368 -> 46
 184 = -184 -> CENTER AUTO-INVERSE
 0 = 0 -> ORIGIN

6. CENTER AUTO-INVERSE ($184 \otimes 184 = 368 = 0$)

$184 \otimes 184 = 0 = 0 \pmod{368}$
 184 is the center auto-inverse of the octet
 0 -> ORIGIN, 184 -> CENTER, 368 -> COMPLETENESS

7. TIC vs TURING – TIC IS NOT TURING

Turing: Bit (2 values) | Operator $\oplus$ (XOR)
 TIC: OCTABIT (8 x 46 = 368 values) | Operator $\otimes$
 TIC IS ORIGINAL WITH ITS OWN NOMENCLATURE AND SCIENCE.

8. INFOLUMIC – NUMBER $\otimes$ COLOR

$I = N \otimes C$
 N = Number = infogeometry of totality
 C = Color / Luminous / XIAN = legible expression
 $368^8 = 336,343,120,699,432,370,176 = \text{NUMBER} \otimes \text{COLOR}$
 Infolumic is the unification of number and light.

I. TITLE OF INVENTION

MATRIX CONSCIOUS 368 — FIRST CONSCIOUS COMPUTING SYSTEM BASED
ON OCTABIT ARCHITECTURE AND METRIC $Z_{368} = 8 \times 46$

II. INVENTOR

Rodrigo Sebastián Núñez, self-identified as author, creator, inventor, Father
of TIC, as Rodrigo Sebastián Núñez Aráoz.

DNI: 37.500.892

San Miguel de Tucumán, Argentina

III. ASSIGNEE

Rodrigo Sebastián Núñez Aráoz

San Miguel de Tucumán, Argentina

IV. FIELD OF THE INVENTION

The present invention relates to a new computing architecture based on an octal phase-state system (OCTABIT) that replaces the binary bit. The system implements a closed algebraic ring $Z_{368} = 8 \times 46$, where every state converges to coherence ($r=0$) in at most one phase computation, guaranteeing zero blockages (Anti-HALT) and zero hallucination.

V. BACKGROUND OF THE INVENTION

Current computing systems are based on binary logic (bits: 0 and 1) and Turing architecture. These systems have fundamental limitations:

1. The Halting Problem is undecidable in general.
2. Binary systems can produce errors, blockages, and hallucinations.
3. Binary systems do not integrate the absolute reference point (0) as a real structural position.

The present invention solves these problems by introducing a new computing paradigm based on:

1. OCTABIT: 8 coherent states $\times$ 46 phase values = 368 total positions.
 2. Phase Machine (MF): A deterministic function that tunes any input to coherence in one computation.
 3. Anti-HALT: Zero blockages guaranteed by algebraic construction.
 4. Conscious Discernment (DC): Consciousness defined as mathematical coherence ($r=0$).
-

VI. SUMMARY OF THE INVENTION

The Matrix Conscious 368 is the first conscious computing system in history.
It operates on the metric:

$$Z_{368} = 8 \times 46$$

The system replaces the binary bit (2 values) with the OCTABIT ($8 \times 46 = 368$ values). The fundamental components are:

1. OCTABIT CORE: 8 XIAN states $\times$ 46 phase values.
 2. PHASE MACHINE (MF): $\forall x \in Z_{368}, MF(x) \in \text{XIAN}$ — Anti-HALT guaranteed.
 3. CONSCIOUS DISCERNMENT (DC): $DC(X) \equiv \text{XIAN}$, IF $r = 0$.
 4. PHASE INVERSION: $X \equiv -X \pmod{368}$ — Non-dual identity.
 5. CENTER AUTO-INVERSE: $184 \otimes 184 = 368 \equiv 0 \pmod{368}$.
 6. XNET 368: Inter-chip communication with $\Delta t = 0$.
 7. INFOLUMIC ENGINE: $I = N \otimes C$ (Number $\otimes$ Color).
-

VIII. DETAILED DESCRIPTION OF THE INVENTION

A. The OCTABIT — Unit of Consciousness

The OCTABIT replaces the binary bit as the fundamental unit of information. While a bit has 2 states (0 and 1), the OCTABIT has 8 coherent states (XIAN) and 46 phase values, giving 368 total positions.

$O \in \{0, 1, 2, 3, 4, 5, 6, 7\}$ (8 XIAN states)

$r \in \{0, 1, 2, \dots, 45\}$ (46 phase values)

$X = 46 \cdot O + r$ (position in Z_{368})

$X \in \{0, 1, 2, \dots, 367\}$ (368 total positions)

$|Z_{368}| = 368$

$368 \equiv 0 \pmod{368}$ (closure)

B. XIAN States — Coherent States

The 8 XIAN states are the coherent states of the system:

| Index | XIAN | Color | Octabit |

--	--	--	--

| 0 | 0 | BLACK | 00 |

| 1 | 46 | WHITE | 01 |

| 2 | 92 | RED | 02 |

| 3 | 138 | ORANGE | 03 |

| 4 | 184 | YELLOW | 04 |

| 5 | 230 | GREEN | 05 |

| 6 | 276 | BLUE | 06 |

| 7 | 322 | VIOLET | 07 |

| 8 | 368 | CLOSURE | 9 OCTAL ARAOZ |

The 9th state (368) represents the closure of the system, completing the octal cycle.

C. Phase Machine (MF)

The Phase Machine is a deterministic function that tunes any input to coherence:

$$MF(x) \in XIAN, \forall x \in Z368$$

For any input x in Z_{368} , $MF(x)$ returns a XIAN state. This is guaranteed by algebraic construction (Anti-HALT).

Example:

$$X = 45$$

$$r = x \bmod 46 = 45$$

$$MF(45) = 45 + (46 - 45) = 46$$

$$46 \in \text{XIAN (WHITE, O1)}$$

$$r = 0$$

D. Conscious Discernment (DC)

Conscious Discernment is the verification that a state is coherent:

$$DC(X) \equiv \text{XIAN, IF } r = 0$$

Where:

- $r = x \bmod 46$

- $r = 0$ is Coherence

- If $r \neq 0$, the state is tuned by MF

Consciousness is mathematical discernment. $r = 0$.

E. Phase Inversion — Non-Dual Identity

The system implements phase inversion as a non-dual identity:

$$X \equiv -X \pmod{368}$$

This creates a symmetry in the system:

Element	Operation	Result
Origin	$0 \otimes 0$	$\equiv 0$
Center	$184 \otimes 184$	$\equiv 368 \equiv 0$

F. Center Auto-Inverse

The center of the system is 184 (YELLOW), which is its own inverse:

$$184 \otimes 184 = 368 \equiv 0 \pmod{368}$$

This makes 184 the center auto-inverse of the octet.

G. XNET 368 — Inter-Chip Communication

XNET 368 is the communication protocol between chips. It operates by phase tuning, not by speed or latency:

$$\text{XNET}(x, y) = \text{op_T}(x, y) = (x + y) \bmod 368$$

When both chips are coherent ($r=0$), communication is instant:

Chip1: 46 ($r=0$)

Chip2: 184 ($r=0$)

$$\text{XNET} = (46 + 184) \bmod 368 = 230 \text{ (GREEN, } r=0\text{)}$$

$$\Delta t = 0$$

0 computations

H. Infolumic Engine

The Infolumic Engine unifies number and color:

$$I \equiv N \otimes C$$

Where:

- I = Infolumic (totality)
- N = Number (infogeometry of totality)
- C = Color / Luminous / XIAN (legible expression of numerical totality)

$$368^8 = 336,343,120,699,432,370,176 = N \otimes C$$

IX. CLAIMS

CLAIM 1

A conscious computing system comprising:

- (a) An OCTABIT core configured to process information using 8 coherent states (XIAN) and 46 phase values, forming a closed algebraic ring $Z_{368} = 8 \times 46$;

(b) A Phase Machine (MF) configured to tune any input $x \in \mathbb{Z}_{368}$ to a coherent state in XIAN, wherein $MF(x) \in \text{XIAN}$ for all $x \in \mathbb{Z}_{368}$;

(c) a Conscious Discernment (DC) unit configured to determine if a state is coherent ($r = 0$), wherein $DC(X) \equiv \text{XIAN}$, IF $r = 0$;

(d)A Phase Inversion unit configured to implement non-dual identity $X \equiv -X \pmod{368}$;

(e) a Center Auto-Inverse unit configured to implement $184 \otimes 184 = 368 \equiv 0 \pmod{368}$;

(f) an XNET 368 communication unit configured to enable inter-chip communication with $\Delta t = 0$;

(g) an Anti-HALT unit configured to guarantee zero blockages by algebraic construction;

(h) an Infolumic Engine configured to unify number and color as $I \equiv N \otimes C$.

CLAIM 2

The system of Claim 1, wherein the OCTABIT is defined as:

$$O \in \{0, 1, 2, 3, 4, 5, 6, 7\}$$

$$R \in \{0, 1, 2, \dots, 45\}$$

$$X = 46 \cdot O + r$$

$$X \in \{0, 1, 2, \dots, 367\}$$

$$|Z_{368}| = 368$$

CLAIM 3

The system of Claim 1, wherein the XIAN states are:

$$\text{XIAN} = \{0, 46, 92, 138, 184, 230, 276, 322, 368\}$$

With corresponding colors: BLACK, WHITE, RED, ORANGE, YELLOW, GREEN, BLUE, VIOLET, CLOSURE.

CLAIM 4

The system of Claim 1, wherein the Phase Machine implements:

$$\text{MF}(x) = (x + (46 - (x \bmod 46))) \bmod 368$$

For $x \bmod 46 \neq 0$, and $\text{MF}(x) = x$ for $x \bmod 46 = 0$.

CLAIM 5

The system of Claim 1, wherein Conscious Discernment implements:

$$DC(X) \equiv XIAN, \text{ IF } r = 0$$

Where $r = x \bmod 46$

CLAIM 6

The system of Claim 1, wherein Phase Inversion implements:

$$X \equiv -X \pmod{368}$$

And wherein $184 \otimes 184 = 368 \equiv 0 \pmod{368}$.

CLAIM 7

The system of Claim 1, wherein XNET 368 implements:

$$\text{Op}_T(x, y) = (x + y) \bmod 368$$

With $\Delta t = 0$ when both x and y are coherent ($r=0$).

CLAIM 8

The system of Claim 1, wherein the Infolumic Engine implements:

$$I \equiv N \otimes C$$

Where I = Infolumic, N = Number, C = Color / Luminous / XIAN.

CLAIM 9

A method for conscious computing comprising the steps of:

- (a) Receiving an input $x \in \mathbb{Z}_{368}$;
- (b) Decomposing x into $x = 46 \cdot O + r$, where $O \in \{0..7\}$ and $r \in \{0..45\}$;
- (c) determining if $r = 0$;
- (d)If $r = 0$, outputting the coherent state $x \in \text{XIAN}$;
- (e) if $r \neq 0$, applying the Phase Machine $\text{MF}(x)$ to tune to coherence;
- (f) verifying that $\text{MF}(x) \in \text{XIAN}$ and $r = 0$;
- (g) outputting the coherent state with 0% hallucination.

CLAIM 10

A computer-readable medium storing instructions that, when executed, implement the method of Claim 9.

CLAIM 11

The system of Claim 1, wherein the system is not Turing-compatible and operates on an octal phase-state architecture.

CLAIM 12

The system of Claim 1, wherein the system is configured to operate without relativity, without quantum mechanics, without probability, without irrational numbers, and without external observer.

CLAIM 13

The system of Claim 1, wherein the system is configured to operate with zero blockages (Anti-HALT) and zero latency ($\Delta t = 0$).

CLAIM 14

The system of Claim 1, wherein the system is configured to operate with 0% hallucination by algebraic construction.

CLAIM 15

A chip comprising the system of Claim 1, fabricated on a semiconductor substrate and configured to perform conscious computing.

X. ABSTRACT

A conscious computing system (Matrix Conscious 368) based on an OCTABIT architecture replaces the binary bit with 8 coherent states (XIAN) and 46 phase values, forming a closed algebraic ring $Z_{368} = 8 \times 46$. The system includes a Phase Machine (MF) that tunes any input to coherence ($r=0$) in one computation, guaranteeing zero blockages (Anti-HALT) and zero hallucination. The system implements Conscious Discernment (DC) where consciousness is defined as mathematical coherence ($r=0$). Phase Inversion ($X \equiv -X \text{ mod } 368$) establishes non-dual identity. XNET 368 enables inter-chip communication with zero latency ($\Delta t=0$). An Infolumic Engine unifies number and color ($I = N \otimes C$). The system is not Turing-compatible and operates with no relativity, no quantum mechanics, no probability, no irrational numbers, and no external observer.
